2018-2019 EXECUTIVE BOARD

SPECIAL FEATURES

Spring is here (well, kind of) and final exams are right around the corner, but don't worry, because that means so is summer vacation!

Thank you all for a wonderful PES semester here at Kennesaw State! To our continued members, keep up the good work! Your dedication to this organization is what makes it such a success.

To our newly inducted Spring 2018 Members, welcome! I hope you have enjoyed what PES has to offer so far. Hopefully in the Fall when things are back at full swing, you all take advantage of all the wonderful opportunities that we have to offer.

In Case You Missed Induction...

Every year, Phi Eta Sigma chapters at schools across the nation host their annual induction ceremony. Here at Kennesaw State, induction is always a grand ceremony, and this year was no different! With over 300 members accepting an invitation into our PES chapter, and more than 100 of them attending the Induction ceremony held on March 3rd, 2018, the program was a huge success.

THANK YOU to all of our volunteers. You did a great job. I guarantee you that without all of your hard work, the ceremony would not have been as successful as it was!

and CONGRATS to our new members. Welcome to Phi Eta Sigma. You were selected to join this prestigious organization based on the things you've accomplished. Keep up the hard work and stay focused. Don't forget to be involved! Now that you've joined, come to our meetings! Participate in a service project! Make a lifelong friend or two. We have so much to offer to our members and we are excited that you decided to be a part of it!

Introducing our new PES Co-Advisor

Jessica Bailey

"I AM HONORED AND THRILLED TO BE THE CO-ADVISOR OF SUCH A GREAT ORGANIZATION!"

Please join me in welcoming Jessica as our new co-advisor for the upcoming year. Jessica is a KSU Phi Eta Sigma Alumna. "Phi Eta Sigma is near and dear to my heart," she says. "When I was a freshman at KSU, I had an extremely hard time adjusting to college, however; with the assistance of this wonderful organization, Mrs. Matthews, and my fellow Phi Eta Sigma peers, things really began to change for the better. I really believe if you utilize the many resources that PES has to offer, you too will realize what a wonderful gem that we have in this organization. "

We look forward to the future of Phi Eta Sigma with you on our side!

Special Features

Jerry Simmons, pictured second from left, at her baptism in January

Earlier this year, Jerry was baptized at the North River Church of Christ through her campus ministry, Alpha Omega. "I got baptized because I was seeking fulfillment and validation through good grades and friends that weren't really my friends," Jerry says. "Over time, I realized none of those things were what I truly needed. What I needed was honesty and love, and I found that in the disciples in the Alpha Omega campus ministry."

Congratulations Jerry!

Shantyl Neely, current PES Secretary and Newsletter author

I am pleased to announce that I have accepted an accounting internship at Johns Hopkins University's Applied Physics Lab in Laurel, MD for Summer 2018. Internships are a great way to gain insight and experience in the industry that you are interested in working. My advice to you all is to apply as soon as you can. Getting that first offer can be somewhat challenging, but don't be afraid to put yourself out there!

Good luck to you all!
